BETTER CROPS W

The Pocket Boo

TABLE OF CONTENTS

JANUARY 1956

Rails and the Ruralite ..... *Jeff McDermid* 3
Establishing and Maintaining ALFALFA ..... *R. E. Blaser* 6
A Successful Corn Crop on the Same Land Every Year Is a Possibility .... *H. J. Snider* 13
Use of Radioactive Potassium in Soil-plant Studies ..... *A. Wallace and R. L. Smith* 15
Producing Sugar Cane in the Caribbean Area ..... *J. W. Sargent* 21
Certain Practices Are Important for Successful Pecan Production .... *Chesley Hines* 23

FEBRUARY 1956

Heydey in Hops ..... *Jeff McDermid* 3
Give Fertilizers a Chance ..... *Wallace A. Micheltree* 6
Fertilizer Statistics from the 1954 Census of Agriculture ..... *A. L. Mehring* 11
Supplemental Irrigation in South Carolina ..... *H. P. Lynn* 15
Fertility—Lime Status of Mississippi Soils as Indicated by Soil Tests .... *L. E. Gholston* 19
Plant-food Content of Crops—Guide to Rotation Fertilization ..... *F. L. Bentz, Jr.* 21
The Low-potash Soils in Adirondack Forests ..... *Laurence C. Walker* 24

MARCH 1956

Soil-conserving Goals ..... *Jeff McDermid* 3
The Application of Fertilizers in Irrigation Water ..... *H. D. Chapman* 6
Some Contributions of Recent Plant Introductions to Southern Agriculture ..... *Edwin James* 11
The Value of Green Manure Crops in Farm Practice ... *Frank App, Vernon Ichisaka, and Tejpal S. Gill* 16
Barbadian Agriculture ..... *T. S. Buie* 23

APRIL 1956

Uncle Sam's Ire ..... *Jeff McDermid* 3
Surveying Corn Fields by Tissue Tests ..... *John Falloon* 6
The Value of Green Manure Crops in Farm Practice ..... *Frank App, Vernon Ichisaka, and Tejpal S. Gill* 9
Soviet Farm and Family Life ..... *William E. Reed* 17
The Relation of Potassium to Fruit Size in Oranges ..... *W. W. Jones and T. W. Embleton* 22
The Value of Lime in a Cotton and Corn Rotation on Olivier Silt Loam ..... *M. B. Sturgis and W. H. Patrick* 26

MAY 1956

Many Good Mothers ..... *Jeff McDermid* 3
Give Your Plants a Blood Test ..... *N. D. Morgan and G. A. Wickstrom* 6
The Placement of Fertilizers for Peanuts ..... *J. G. Futral* 11
Fertilizer Placement for Corn in Minnesota ..... *John M. MacGregor and Virgil H. Johnson* 13
Soil Testing and Fertilizer—A Night Course for Industry ..... *William A. Seay* 19
Watershed Protection and Flood Prevention ..... *Donald A. Williams* 23

WITH PLANT FOOD

...ol of Agriculture

January 1956 to December 1956

JUNE-JULY 1956

Long-gone Summers ... *Jeff McDermid* 3
Plant Analysis as a Guide to Fertilization of Crops ... *Albert Ulrich* 6
The Place of Fertilizer in Building Land Productivity ... *E. T. York, Jr.* 11
The Use of Minor Elements for Organic Soils ... *Robert E. Lucas* 13
Bahia Grass Gains Favor in Mississippi ... *H. S. Saucier* 19
Soil Testing in Oklahoma ... *Robert O. Woodward* 21

AUGUST-SEPTEMBER 1956

Swords Into Plowshares ... *Jeff McDermid* 3
Virginia Experiments Emphasize Economy of Fertilization ... *Russell K. Stivers, P. T. Gish, and G. D. Jones* 6
Chemical Basis for Soil Testing ... *J. Fielding Reed* 11
Nutrient Status Survey of Potatoes in Northwestern Washington ... *Harry A. Kittams* 17
Pasture Improvement by Direct Fertilization ... *C. J. Chapman* 20

OCTOBER 1956

The Windmill Era? ... *Jeff McDermid* 3
Johnsongrass a Menace—True or False? ... *T. C. Tucker* 6
Potassium—The Alkali of Life ... *Clement D. Vellaire* 9
Withdrawals from the Soil Bank—Pacific Northwest Crops ... *Grant Braun* 13
White Clover Years In Cycles of Soil Changes ... *Wm. A. Albrecht* 17
Fertilizer and the Florida Farmer ... *William L. Pritchett* 19
Demonstrating Alfalfa Rules ... *Webster Pendergrass and J. R. Turner* 23

NOVEMBER 1956

Agrimetro America ... *Jeff McDermid* 3
Experience With Row Crops Following Perennial Grasses ... *J. E. Pollock* 6
Potassium—The Alkali of Life ... *Clement D. Vellaire* 11
The Benedict Farm—1952-1956 ... *F. T. Tremblay* 15
Limestone—A Problem Again ... *H. J. Snider* 19
SOIL—An Expandable New England Resource ... *C. L. W. Swanson* 21
Southern Agriculture Moves Into High Gear ... *T. S. Buie* 25

DECEMBER 1956

Hearts and Hollytime ... *Jeff McDermid* 3
Fertilizing Alfalfa in Kentucky ... *E. C. Doll and H. F. Miller* 6
Weeds—Robbers of Our Farms ... *Jonas Vengris* 9
A Look at the Orient ... *Firman E. Bear* 13
Roots Make a Difference ... *Hugh J. Dowdle* 17
BETTER SOIL—BETTER FEED Part I—More Feed with Higher Nutritive Value Is Produced on Well-fertilized Than on Improverished Soil ... *W. B. Nevens and E. B. Earley* 19
Missouri Field Days Show Experimental Soil Treatments ... *O. T. Coleman* 23
Leaf Analysis, A Potential Forestry Tool ... *Laurence C. Walker* 25
